LELAND STANFORD'S VIEWS ON THE IMMIGRATION.

The railroad magnate has been interviewed by a San Francisco contemporary, on various topics which at present engross his attention, and gives some interesting statistics and views concerning the great influx of immigrants the present season. Governor Stanford estimates that the arrivals this year by railroad will exceed the departures by 75,000, exclusive of the accessions by the steamship line. The average number of immigrants arriving monthly by the railroad since the first of January is a little over 6,000. Last year there came by rail in the month of January, February, March, April and the first half of May, 5,138 first-class passengers and 10,813 second-class—a total of 15,915. During the same period of this year there has arrived of first-class passengers, 8,190; of second-class, 19,644—a total of 27,838, the increase being 3,052 first-class and 8,831 second-class—a total increase over the corresponding months of 1874 of 11,883.

There are very few immigrants returning. A considerate percentage of the newcomers go to Oregon, and a large number to the southern portion of this State. The distribution is very general, and each county in California is receiving important additions to its population. It is estimated by the authorities having charge of the immigration movement that fully two-thirds of the arrivals have a fixed and determined destination, and it is the observation of the same officials that nearly all are well provided with means. The immigrants are mostly Americans, largely from the Northwestern States, and are generally farmers and mechanics. A large proportion are in family groups with women and children.

The Governor further opines that no embarrassment or suffering is likely to arise from the great immigration. The arrival of these people will necessarily make an increased demand for labor. Twenty thousand houses must be built for their accommodation, and this alone creates a demand for laborers in the forest, at the mill, and the mechanic who uses the merchant who furnishes supplies, the boarding-house keeper, the farmer, and the dealer at retail in all the commodities they require. There is sufficient money in the country to provide houses, farms and employment for all these people, and in many cases capital will be advanced them, trusting to repayment from their coming labors. The country is so broad in its extent, resources are absolutely so unlimited, that, for the healthy, industrious and economical laboring person, either man or woman, the coming to California is not an experiment.

LIVE STOCK AT THE CENTENNIAL.

It is understood that the Bureau of Agriculture of the International Centennial Exhibition has determined to exhibit live stock within the months of September and October, 1876; the period devoted to each class and family being fifteen days, and the division as follows:

Horses, mules and asses (under this head comes the editor of the Pioche *Record*), from September first to fifteenth.

Horned cattle (of all varieties), from September twentieth to October fifth.

Sheep, swine and goats (as one class), from October tenth to twenty-fifth.

An important rule regulating admission requires that all animals exhibited be of pure-blood (trotting stock and fat cattle excepted). Another rule not to be overlooked, excludes all animals, even though they be thoroughbred, which are not highly meritorious.

The exhibition being open to the whole world, it is of the first importance that we bring forward the best of their kind only, as the character of our stock will be judged by the general average of those exhibited.

Exhibitors will be expected to provide for feeding their stock. An officer of the bureau, specially charged with the duty, will furnish at cost prices, all forage and other food, at depots conveniently located within the grounds.

Exhibitors will also be expected to have their own attendants, on whom the responsibility of the care of feeding, watering and cleaning the animals, and also of cleaning the stalls will rest.

Though the Commission will erect ample accommodation for the exhibition and protection of live stock, contributors who may desire to make special arrangements for the display of their stock will be afforded facilities, at their own cost.

All animals will be under the supervision of a veterinary surgeon, employed by the bureau, and before whom each animal must pass, before admission—to guard against infection—and who will also make a daily inspection, and report.

In case of sickness, the animal will be removed to a suitable enclosure, specially prepared for its comfort and medical treatment.

Rings will be provided for the display and exercise of horses and cattle.

The bureau is in daily receipt of applications for space, and it is highly important that all who design exhibiting should now make application, as the extent of preparation necessary can only be regulated by an estimate based upon actual demands.

Inquiries may be addressed to the Chief of the Bureau of Agriculture, Philadelphia.

A RIGHTEOUS JUDGMENT.

Much has been said concerning the corruption of the judiciary of New York, and perhaps with a great deal of truth. We are glad to see, however, one judge who will not permit injustice to be done because of the poverty of the party defendant. A Mrs. White bought of a sewing machine agent a sewing machine, for which she was to pay in monthly installments of $5 each. When she had paid the amount of $65, and only one more payment was due upon it, her husband was taken away from her by death. His last sickness and the funeral expenses prevented her from making the last payment of $5. The agent, unrelenting and remorseless, sent an officer to take away the machine, which was done, although the remaining $5 due was tendered him. In consequence the widow lost not only the machine, but also the money paid upon it. She naturally believed it to be wrong, brought a suit for the recovery of the machine or the money already advanced upon it. The case was heard before Justice Ackhart, who delivered the following opinion:

"This is an action to hold the defendant liable for the taking of a sewing machine claimed by the plaintiff as her property, under a purchase from an agent, payment to be by installments, as appears by indorsements on a printed agreement. I am of the opinion that sales in this manner, with the right to take the machines back by force, when nearly the full value has been paid, without refunding what has been paid, or any part thereof, are contrary to public policy, and unjust and oppressive to a deserving class of people. In this case there are additional reasons why the plaintiff should have relief. She did not sign a contract; she offered the balance, $5—having paid $65—to a person purporting to be a sheriff's officer, at the same time the property was taken. I think she had acquired some title to the property. The printed paper, purporting to be a contract, is not signed by the parties, and is not a contract. Plaintiff bought the machine on the persuasion of an agent, who almost forced it upon her on the favorable representation which canvassing agents well known how to present. The removal of the machine from the plaintiff's possession was at the instance and under the direction of the defendant. He should be held responsible. Agents and companies should seek some other way to obtain balances due on goods sold. For these reasons judgment should be granted the plaintiff."

This opinion will meet with the appropriation of all justice-loving people. The poor sewing women should be protected from outrage as well as the wealthy classes.

THE Virginia City papers advertise a fight on the Race Track next Sunday, between a wild Catamount and "Savey," the fighting dog, for $100 a side. Any man who will use a good dog in that way can't amount to much.—*Lyon County Times.*

THE Eureka *Sentinel* says: "We are requested by a number of soldiers who fought under the stars and stripes during the late rebellion, to state that there will be a meeting of soldiers at the Armory of the Eureka Guards, next Saturday evening, to make arrangements for the proper observance of Decoration Day. The invitation is extended alike to Federals and Confederates, and we are assured that no distinction will be made between the former wearers of the blue or gray, but that all will join hands in doing honor to the departed brave." That is the proper spirit, and we are glad to see it.

BARNETT & BRO.

DR. A. B. SPINNEY,

WELL KNOWN throughout the country as a Pathologist and Physiologist whose successful treatment of certain physical disabilities and functional derangements deservedly entitled him to the familiar recognition of the GREAT SPECIALIST, would respectfully inform the citizens of Virginia City, Nevada and vicinity that he can be consulted at No. 188 South C street, Virginia, seven doors north of the French Drug Store, at his office, thus giving individuals an opportunity of yielding themselves, through his professional agency, of such constitutional annoyances and ailments as he claims to compass and to cure. Without entering into biographical details it is sufficient to simply promulgate the fact that DR. SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the Montreal (Canada East) Medical Institute. The regime of the English Pharmaceutical Colleges is gauged by an elevated standard. An extended experience and an assiduous study of the varied phases of disease enables him to guarantee assurance of success in the eradication of the multiform chronic affections incident to both sexes, such as Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments, Chronic and General Affections.

TO THE LADIES.

DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no hesitancy in assuring them that, in conjunction with a competent knowledge of their various sufferings such as Nervousness, Neuralgia, Spinal Weakness, Loss of Appetite, Lassitude, Prolapsus Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Leucorrhœa, Dyspepsia, Indigestion, Constipation and the many perhaps irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief.

YOUNG MEN.

Who may be suffering from the effects of youthful folies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last and are suffering some of all the evil effects remember that if you obstinately persist in procrastination, the time must come when the most skillful physicians can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work itself upon your imagination but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

COME AND BE HEALED.

It matters not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation so please call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you so; if not he will say so, for he will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN.

There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a clear and milkish hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases and a healthy restoration of the genito-urinary organs.

N. B.—Only an interview required in a majority of cases; balance of treatment can be conducted at home without interruption of business. No cases treated without a personal interview and proper examination. Office hours—10 to 1, 2 to 4, and 7 to 8. Consultation Free. Examination and advice, $5. 33 tf

PRISON BIDS.—It is not yet definitely known who is the successful man for building the walls of the new prison though Benham is reported as having got away with the baggage, his bid being something under $40,000. When the bids were open in Carson Thursday there was not a full Board present, and the two present concluded to defer action until all were present. Our anxiety will no doubt be relieved in a day or two. We don't care who gets the contract so long as the work goes on.

FIRE IN GOLD HILL.—There was a big scare in Gold Hill yesterday. It was thought that the Overman mine was all on fire, and the whistles blew, the firemen were all out, and for a few minutes things were very lively. It turned out that only the rope house was on fire, and but little damage was done. We do not know that there is any danger of a fire in Reno, but we do know that all should keep a sharp lookout. Are our cisterns all full?

SAD BEREAVEMENT.—As is well known Mr. Isaac Barnett, with his family, have been in San Francisco for three weeks past. They intended to start for home this morning, but night before last their youngest child was taken suddenly ill and expired almost instantly, and their departure thus deferred. So reads the telegram received by Mr. Thos. Barnett yesterday morning.

FINE BAND FOR NEVADA.—Col. J. N. T. Miller and W. T. Drannan started for this State from Jacksonville, Oregon a few days ago, with a band of sixty horses and mules. The band comprises some of the best animals ever taken out of that county, and a ready market will doubtless be found for the entire lot here.

MEXICAN VETERANS.—All persons who were in the Government service during the Mexican war, and are now resident of Washoe county, are requested to meet at the office of Judge Haydon, Virginia street, Reno, on Tuesday, May 25th, at 2 o'clock P. M.

THERE is to be a Sunday School Concert in the M. E. Church this evening. The exercises will consist of singing by the school, reading, recitations, etc. All are invited to attend. There will be preaching this morning as usual.

THE FOURTH.—Winnemucca is already taking steps to celebrate the Fourth of July, and a meeting has been called to consider ways and means for so doing. Is it not time for Reno to be up and doing?

BOUQUETS.—Simmons calculates to receive from below this morning a choice lot of flowers. So if any of you want a nice bouquet that will be your chance.

WANTED.—A situation as housekeeper or nurse by a lady recently from the East. Call at second door from Capital Resturant, on Virginia street. *

OUR NEW TREASURER.—The Board of Commissioners met yesterday and appointed G. W. Huffaker, County Treasurer, vice Kloecker, deceased. The Board balloted three times. The first and second resulted G. W. Huffaker 1, B. B. Norton 1, and J. C. Hagerman 1. The third and last ballot stood Huffaker 2, Norton 1. The new Treasurer is a well known citizen of the county, and universally respected. He will make an honest Treasurer, of that the people may rest assured.

REMITTER.—A remittur from the Supreme Court was received here yesterday in the Central Pacific delinquent tax cases. Execution was immediately ordered and a levy was made on the road and personal property in Reno last night. If the taxes are not paid on or before to-morrow night the road will be blockaded both East and West.

NARROW GAUGE ENGINES.—Two new engines for the Carson and Lake Tahoe narrow gauge railroad arrived here here yesterday from the East, and were promptly forwarded to Carson. They were awful cute little specimens of mechanism.

PARALYZED.—Word was received in Reno yesterday that Hill Beachy, the well known stage man, has been stricken with paralysis, and his left side entirely paralyzed. His friends in this section will regret to learn these sad tidings.

CHAPTER MEETING.—All Royal Arch Masons are requested to be on hand next Thursday evening at the meeting of the Chapter, as business of importance is to be transacted. Visiting brethren are cordially invited to attend also.

At the Episcopal Church there will be divine service at 11 A. M. and 7½ P. M. to-day. Rev. Mr. Lucas officiating. Sunday school immediately after morning service. All are cordially invited to attend.

CIGARS AND TOBACCOS.—Walker Knust & Co. have just received a fresh importation of Eastern tobaccos and cigars. They are good, for we have tried them.

REV. W. J. CLARK will preach at the Congregational Church, at eleven o'clock this morning and in the evening at 7 o'clock. All are invited.

SALE.—Read the delinquent sale notice of the Reno Water Co. in another place.

PAY CAR.—The pay car of the Central Pacific passed through last night.

NOTICE.—Mr. Nels Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. St. Lee & Co. *

MILLINERY AND FANCY GOODS.—Mrs. Julia J. Prescott is pleased to inform her friends and customers that she has just returned from San Francisco after having selected the most complete fashionable and elegant stock of Spring and Summer millinery and fancy goods for this market and which she has now displayed at her establishment at No. 20 Commercial Row. All are cordially invited to call and examine. *

INTERESTING TO THE LADIES OF RENO AND VICINITY.—The new dress making establishment opened by the Misses Vincent on Plaza street opposite the freight depot will receive and make to order in the latest styles all kinds of plain and fancy sewing. *

THE largest and finest assortment of English and American prints at J. Prescott's. *

RETURNED.—Mr. Jake Enkle has returned from San Francisco and deserves great credit in the manner in which he refitted his rooms. He has now the most elegant shop in the State. Jake is now running the barber business, being reinforced by Harry Morris and brother. Everybody knows Harry for he is the finest artist of the Coast, and between the three first class artists no one will have any occasion to want long or to go away dissatisfied. His excellent hair dressing the I. X. L. will always be found on hand.

JACK NELSON.—This horse will stand in Reno and vicinity during the present season. He belongs to the fastest breed of horses there is on the coast—many of his relatives having made their mile in 2 25. He himself, has made his two miles in 6 minutes, and is an untrained animal. He would make a fast trotter were it not for an accident that severed his gambal joint, whereby he was unfitted for the turf. He is 16 hands high, and weighs 1,225 pounds. He is a beautiful animal and we advise all to take a look at him and if he suits, you will do well to patronize him.

NEW GOODS.—Mrs. McNeely has just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk hosiery, two button gloves, gents kid gloves, also handkerchiefs, ladies handkerchiefs, parasols, Spring shawls, corsets, zephyrs. Millinery and fancy goods of all kinds. *

DON'T you go round in that shabby old suit of clothes any longer if you have a few dollars to buy a new one. You will be surprised if you call on us to learn how cheap you can buy a new suit of clothes.

Morgan, whose postoffice address is at Washoe City, Washoe county, Nevada, made application for U. S patent to fifteen hundred (1,500) feet of a certain lode or vein of quartz or other rock in place bearing gold, silver, copper and other metals, commonly called and known as the Union Lode and the Willow Creek Silver Mining Company's claim, Galena Mining District, Washoe county, Nevada, extending fifteen hundred linear feet along the line of said lode in a southwesterly direction from post No. 1 the point of location, and embracing the same with all its dips, spurs, angles and variations with surface ground six hundred (600) feet in width and described on the plat and field notes on file in my office as follows, to wit:

Beginning at post No 1 whence southeast corner of section 12, township 17 north, range 19 east, Mount Diablo Base and Meridian bears south 21½ degrees east, 736 feet, month of tunnel bears north 72½ degrees west 1110 feet (said tunnel runs south 22 degrees 3700 feet) and runs from said post No. 1, 1st course north 34 degrees west 300 feet to cut in croppings 600 feet to post No. 2, thence 2d course south 56 degrees west, 1500 feet to post No. 3, thence 3d course south 34 degrees east 600 feet to post No. 4, thence 4th course north 56 degrees east 1500 feet to pos No. 1 the place of beginning, containing 20 66-100 acres, bearings from the true meridian variation 16½ degrees east.

The improvements made upon this claim by the applicant or its grantors consist of the cuts and tunnel hereinbefore mentioned, upon which they have expended not less than five hundred dollars. This survey was made in accordance with record of location. This claim is bounded by no known claimants. The location of this claim is recorded in Book A, pages 78 and 79 of the mining records of Galena Mining District, kept at the office of the Mining Recorder of Galena Mining District at Reno, Washoe county, Nevada.

ADOLPHUS WAITZ, Register.

THE THOROUGHBRED TROTTING STALLION

RIFLEMAN!

Will stand the present season at Longley's Ranch six miles south of Reno, Nevada, season commencing April 1st and ending July 1st, 1875. Terms of service thirty dollars, payable in United States gold coin, before the close of the season.

Description:

Rifleman is a beautiful bay, 15½ hands high, and is the handsomest horse and the best bred trotter in the State. He has as much Messenger blood in his veins as Smuggler, the champion stallion of America, that won the Stallion Race, at Boston, in 2:20. Rifleman's colts are all very stylish and large and show fine trotting action. I will show his colt Morgan Chief at the next State Fair against any colt of his age west of the Rocky Mountains. I will also give a premium of $20 to the best sucking colt from Rifleman that is shown at the State Fair next Fall.

Pedigree:

Rifleman was sired by the Thoroughbred Stallion Rifleman and he by Imp. Glencoe, dam by Rudolph, out of Butterfly by Sumpter. His dam was the Thoroughbred mare Lady Davis by Red Bill by Modoc and he by American Eclipse out of Miller's Damsel by Imp. Messenger. I have good pasturage at $4 per month for the accommodation of mares from a distance. I take good care of mares, but will not be responsible for accidents or escapes should any occur. No mares delivered until all charges are paid.

A. A. LONGLEY, Proprietor.

R. 20 East being 160 acres of land as defendant also, for the sum of $14 30 damages and $14 25 costs of suits, and accruing costs. I have levied upon the said above described property and notice is hereby given that on the 25th day of May, A. D. 1875 between the hours of 9 A. M. and 5 P. M., to wit: 12 o'clock M. of said day I will sell so much of the above described property, in front of the Court House door of the County, at Reno, Nevada, at public auction, for cash in hand, to the best bidder, as will be necessary to satisfy said execution and all costs.
